excl. VAT

Original Schmiermann HPO High Performance Longlife-04 Oil SAE 5W-30, fulfils all the same specifications as the original BMW oil - save money without compromising!

When only the best is good enough for your BMW!

- Helps to protect high-performance engines from power and performance-reducing deposits.
- Protects the emission system by helping to keep diesel particulate filters clean.
- Helps to provide brilliant oxidation protection throughout the oil-change interval.
- Brilliant low-temperature performance secures faster oil flow and quicker engine warm up.
- Low viscosity and low friction for better fuel-economy.
- Low evaporation formulation secures lower oil consumption.

Quality guaranteed!

Best quality guaranteed by the Schmiermann Group: Any engine damage that can be proved caused by this engine oil when used correctly and accordingly to BMW's instructions regarding to viscosity etc. will be covered by the Schmiermann Group - (Venue in Denmark).

See your car manual if the oil fits your engine, or ask our sales staff. Please keep the last 7 signs of the chassinumber ready for us!

Used engine oils are potentially hazardous to health and the environment. Avoid prolonged or repeated skin contact with all used engine oils. Protect the environment. Used engine oil is a hazardous waste and must be disposed of properly.
